President of City Council
Takes Over Job As
Mayor

Columbus, O., April 3.—The ex-
ecutive thunderbolt of impeach-
ment today had swept Peter J.
Groh from office as mayor of Dover,
Ohio.

Gov. Myers Y. Cooper, after
weighing the charges of malfeas-
ance in public office against Groh,
issued the removal orders late last
night. They took effect immedi-
ately.

The ex-mayor is charged with ac-
cepting a \$50 bribe from Ed Little,
"ace" of the state prohibition de-
partment to provide "protection" for
a mythical carload of liquor that
was to have been run through the
Tuscarawas county town.

Grand Jury To Check
The grand jury investigation of the
case is to be made late this week
at New Philadelphia, seat of Tuscarawas
county, and "twin sister
city" to Dover.

Failure to enforce the state prohi-
bition laws was also averred by R.
R. Beetham, state prohibition com-
missioner, who placed the charges
before Gov. Cooper.

It is alleged by Beetham, that
Groh not only accepted the \$50
bribe, but arranged a system of
"tip-offs" with Ed Little, whereby
the former official would notify Little
when the "road was clear" to run
the illicit product through Dover.
"It's nice weather" would signify
that everything was "henky dorey"
and the phrase "it's cloudy" would
mean that the runner should "lay
low," according to Beetham.

ted to Deputy Sheriffs J. P. Elliott
and Gomer Lewis, and Justice of the
Peace H. D. Cope on Tuesday that
he had stolen tires valued at more
than \$100 from a Negley garage. He
also acknowledged having stolen a
number of milk cans, and was
brought over to the grand jury and
brought to the county jail in de-
fault of bond.

Harry Crider of Columbiana, was
also placed under arrest at the Nu-
zum home charged with the theft of
the automobile tires and the milk
cans, which were stolen last Fri-
day night. He was bound over to the
grand jury which will be in ses-
sion in two weeks. Crider has been
living with Nuzum and was accused
of being implicated with him in the
robbery.

When Nuzum acknowledged to
the theft he agreed to accompany
the owner of the garage to East
End, East Liverpool, where he sold
his lot. The two men were arrest-
ed by Deputy Elliott and Deputy
Lewis and taken before Justice
Cope for arraignment.

MANY BILLS TO FACE SENATORS DURING SESSION

Attempt Will Be Made To
Crowd Legislation To
Early Passage

Columbus, O., April 3.—The Ohio
senate is expected to convene today
in the action taken by the house
late yesterday in adopting the Ham-
ilton joint resolution providing for a
recess from Saturday noon until
April 16 when the solons are to ad-
journ sine die.

In accord with plans for complet-
ing the work of bill-passing next
Saturday, senate and house leaders
have chosen heavy calendars for the
remaining sessions this week.
The house plans to hold afternoon
and night sessions today, Thursday
and Friday. The senate is to start
night sessions Thursday.

Today's senate calendar calls for
rollcalls on the question of passing
numerous bills including the Ander-
son "bill," which originated in the
house, authorizing municipalities to
use gasoline tax funds for construc-
tion as well as repair of streets, and
the Boden bill, which also was in-
troduced in the house, eliminating
the present 35-mile-an-hour speed
limit for operators of motor ve-
hicles, and decreeing that the speed
of such vehicles upon the highways
shall be a "reasonable" number of
miles.

The Sullivan-Bostwick bill, in-
creasing the state gasoline tax to
four from three cents per gallon;
Herbert bill, a senate measure,
revising the state's "blue-sky" code,
and the Morgan bill, repealing nu-
merous obsolete statutes, are among
scores of measures on today's house
calendar for passage.

GRAND OFFICER SPEAKS IN CITY

S. J. Goldsmith, of Painesville,
grand patriarch, was the chief
speaker at a district meeting at
which Goodwill encampment, No.
111, I. O. O. F., was host Tuesday
evening at the hall, Broadway.
This get-together meeting was
arranged by Goodwill encampment.
Other encampments in the district
are Salineville, Lisbon and East
Palestine. About 100 were in at-
tendance, including delegations
from East Palestine and Lisbon.

After Grand Patriarch Gold-
smith's talk the time was spent in-
formally. Lunch was served.

Lindbergh Lands Safely In Mexico; Anne Awaits Flier

Mexico City, Apr. 3.—Col. Charles
A. Lindbergh and his fiancée, Miss
Anne Spencer Morrow, were to-
gether again today in the seclusion
of the American embassy.

After his flight from Brownsville,
Texas, yesterday, the famous air-
man was met at the Valbuena fly-
ing field by Miss Morrow whose
greeting was a simple but cheery
"hello."

The colonel answered with a
smiling "how are you?" and the be-
trothed couple shook hands while
reporters buzzed about as usual with
vain questions regarding their
forthcoming marriage.

No announcement was made re-
garding the length of Lindbergh's
present stay here.

Roumanian Society Improves Building

A building permit was issued by
Mayor Phil G. Hiddleston today to
directors of the Leul Roumanian
society, for improvements contem-
plated at the organization's hall on
Depot st.

The permit was issued for
improvements estimated to cost
\$8,000 but it was said that total cost
of contemplated work will approach
\$25,000.

A new basement will be built, and
the entire building moved back from
its present location, and inner im-
provements made.

Tribute To H. A. Gager Paid By City Council Members

"He was a man in a thousand, respected by all for the work he
had done for his community, and loved by every person with whom he
had ever had connections. His place cannot be filled."

P. J. Dean, vice-president of Salem city council, in this manner
eulogized the body's deceased president, Harry A. Gager, who died
early Monday morning following an operation, in Cleveland.

Dean will succeed Gager.
The council body met last night for its regular bi-monthly gather-
ing. The chair at the president's desk remained vacant as members
solemnly took their respective seats. Tears were in the eyes of sev-
eral. Words were spoken with difficulty.

"His broadmindedness, foresight and ability to work with his col-
leagues in a cooperative spirit of fellowship made him one we learned
to love. Words cannot pay sufficient tribute to him; we must show
our respect by carrying on as if he were still with us in the president's
chair," Dean stated.

He emphasized that council should draft a resolution expressing
sentiments of the work done by Mr. Gager for the city, and a motion
to this effect was made by Councilman W. U. Filler, and seconded
by Councilman R. J. Burns. Filler, Max Adler and George Slocum,
together with Solicitor Cecil K. Scott, were delegated by Dean to draw
up the document.

No business matters were taken up. The meeting was held only
because the Ohio general code demands that all legislative bodies
meet on dates specified for regular sessions.

In tribute to Gager, council adjourned all business until next
Tuesday.

JAPS FIGHTING AGAINST PLAGUE

Many Die Each Year From Scourge
Of Tuberculosis In Nation;
Men Hardest Hit

Tokio, Japan, April 3.—The Japa-
nese government, it was learned to-
day by International News Service,
is taking steps to combat the in-
crease of tuberculosis in Japan. The
authorities are making an investiga-
tion and will undertake a program,
which, they hope, will not only
check the spread of the scourge, but
reduce the number of victims each
year.

According to figures gathered by
the Ministry of Home Affairs, 9,156
men, on the average, die every year
in all the cities having a population
of more than 100,000. The deaths
among women under similar cir-
cumstances are 9,492 for all Japan.
The average age for men at the
time of death is 23 years and for
women 27 years.

DEPUTY SHERIFF FACING CHARGES IN RAID DEATH

Attorney General Asks
Indictments Suggested
By Coroner

SWORN STATEMENT OF PURCHASE LIE

Evidence Shows Mother
Was Shot While At
Phone

Geneva, Ill., April 3.—Roy Smith,
the Kane county deputy sheriff who
shot and killed Mrs. Lillian De King
of Aurora, Ill., during a dry raid on
her home last week, faced an indict-
ment for manslaughter today, fol-
lowing the verdict of a coroner's
jury.

Att'y. Gen. Oscar Carlstrom, or
one of his assistants, is expected to
go before a special session of the
grand jury Monday and seek the in-
dictments recommended at the in-
quest.

Action on a perjury charge also
will be taken against Eugene Boyd
Fairchild, the dry spy whose false
affidavit formed the basis for the
fatal raid. Fairchild admitted on
the stand that his sworn statement
he had purchased liquor from Mrs.
De King, was a lie.

State's Atty. George Carbery, who
yielded to popular demand and
turned the investigation over to
Att'y Gen. Carlstrom after Carbery
had expressed support of the raid-
ers, was to confer today with Carl-
strom's representative concerning
the prosecution of Fairchild.

Others May Be Indicted
There may even be indictments
against the five other members of
the raiding party which besieged
the De King home, it was strongly
intimated today.

This was predicated on evidence
introduced at yesterday's inquest
which tended to show that the raid
was "illegal" in that the raiders
failed to produce a search warrant
and that the warrant, if produced,
would have been worthless because
it was obtained on perjured testi-
mony.

So tremendous was the public de-
mand for a chance to hear the in-
quest that Coroner Vierke tried
three places before he got one
which was far from adequate, was
the best available. This was the
city hall.

Hundreds of persons from miles
around came to attend the inquest.
Evidence was presented to show:
1.—That Lillian De King was shot
and killed while she was seated in
a chair holding a telephone in her
hands.

2.—That proper care and medical
treatment were denied Mrs. De King
after she was shot and that her
husband was thrown into a prison
cell to recover from a blow on the
head with a shotgun.

3.—That the raiders never showed
the De Kings their warrant.

4.—That the warrant was obtained
on perjured testimony.

5.—That it was the practice in
Aurora, where the De Kings lived,
to employ snipers at a "per job"
rate.

Fairchild Now "Unpopular"

Fairchild, who has become the
most "unpopular" man in Kane
county, testified that Walter Mil-
ler, State's Atty. Carbery's chief
investigator, had promised him
"\$10, \$25 and up to \$100 to 'buy'
depending on how hard it was to get
the liquor."

The jury's verdict came immedi-
ately after 12-year-old Gerald De
King had told his story of the
tragedy at his home. It was the
story the jury believed and it was
in marked contrast in many re-
spects to that of the deputy sher-
iff.

COUPLE FOUND SHOT TO DEATH

Death Pact Apparent But Police
See Possibilities of Foul
Play In Tragedy

Columbus, April 3.—A young cou-
ple was found shot to death in a
large coupe parked on the Johnston-
New Albany rd. north of here today.
Authorities declared it might have
been a suicide pact, though there
were indications of murder.

The car was parked in the middle
of the road, and a bullet had shat-
tered one of the windows.

The woman's chest had been
pierced by a bullet and the man's
head had been penetrated by a bul-
let.

Papers in the pockets of the dead
man gave his name as E. A. Welsh,
an auditor in a large mill here. Ele-
anor Porter, a stenographer of the
same company was also absent from
work today, and she is believed to
have been the other victim.

Flags Fly At Half Staff Over Nation As Body Of
Myron Herrick Lies In State In Embassy;
Funeral Service Scheduled Thursday

Paris, April 3.—In formal morn-
ing attire, the body of Ambassador
Myron T. Herrick today reposed in
the American embassy directly be-
low the picture of Col. Charles A.
Lindbergh, with whom his name will
always be associated.

The insignia of the grand cross of
the legion of honor, decorated the
buttonhole of his coat and numer-
ous floral tributes added color to
the simple bedroom where the am-
bassador's body lies.

Evidences of mourning for
"France's beloved friend" were seen
everywhere. Flags were at half-
staff. Intertwined flags of France
and the United States half-furled
with crepe were seen in many
places.

tion, yet 210 new cases have been

Ballantine since the first day of the
January term.

Fifty-eight of this number, or
more than one-fourth of the cases

WOMEN MAY BE CONTESTANTS IN CITY PRIMARIES

Former Officials Touted
For Post By Some
Leaders

HIDDLESON ENTRY STILL IN DOUBT

Hot Contest Visioned In
Next Republican
Primary

With the date for the primary
election less than three months
away, interest in the coming com-
petition for nomination by Salem
political parties for the office of
mayor, is gradually on the increase
throughout the city.

Nine persons, seven men and two
women, have been mentioned in po-
litical circles as probable contend-
ers for the mayoralty. Eight are Re-
publicans, the sole Democratic can-
didate being suggested being the
present incumbent, Mayor Phil G.
Hiddleston.

Hiddleston Is Silent

Whether Hiddleston will run again
for the office is one of the leading
subjects of discussion in the city.
The executive himself is reticent on
the subject, refusing at this time to
state whether he will be a candidate
for a second term.

Doubt is expressed in several of
the city's leading political gossiping
circles concerning his competition
for the office. But whether Hid-
dleston files application for candi-
dacy again, or not, the city will
probably view a hotly contested pri-
mary, in that at least eight others
have been reported considering en-
trance into the race.

Two former chief executives, John
W. Post, now constable of Perry
township, and George E. Russell,
are most prominent in discussions
of the impending Republican pri-
mary.

Post held the office for two terms
being defeated by the late J. B.
Schaefer. In his attempt for the
third term, Russell succeeded
Schaefer, when the latter resigned
and was successful in his race for
a full term, but was defeated in the
last election by Hiddleston.

Others Mentioned
Ed. T. Kaley, Republican, who
lost in the last primary election to
Russell, will throw his hat into the
circle once more, political ringlead-
ers predict.

C. F. "Fred" Tcmlinson, Salem
merchant; Frank Ballentine, coun-
ty clerk of courts; and M. B. Kraus,
real estate agent, are others men-
tioned as probable contenders for
Hiddleston's post.

in city council, and another, a for-
mer member of the legislative body,

lem women to take advantage of the

BLAZE IN HOME CLAIMS 6 LIVES

Two Adults and Four
Children Die As
House Burns

Detroit, April 3.—An aged woman,
a man, and four children were
burned to death here early today
when fire completely destroyed their
two-story frame home.

The dead are Bertha Richardson,
57; George Hankins, 38; William
Hankins, 7; Freda Hankins, 4; Leon
Jones, 3; and Dolma Jones, 2.

The aged woman was the grand-
mother of the children.

The bodies of Mrs. Richardson
and her four grandchildren were
found by firemen at the head of the
second-story stairway. The grand-
mother had apparently attempted
to lead the children to safety.

Hankins' body was found down-
stairs near a window. He had evi-
dently succeeded in making his way
from the upper floor but was over-
come by heat and smoke before he
could escape.

The origin of the fire has not
been determined.

POLICE ARREST 21 IN RUM CASE

Believe Crowd Was Waiting For
Arrival Of Liquor Carrying
Lake Vessel

Cleveland, April 3.—Twenty-one
men who, police say, were to have
received a shipment of liquor from
a Lake Erie boat, were under arrest
here today.

Fourteen of the men were arrested
on the lake shore on the east side
late last night. A squad of 20
policemen, who made the arrests,
reported that the accused men had
automobiles and trucks and were
waiting to unload a boat from Onta-
rio.

Seven other men were arrested
later in a barbecue stand. No coast
guard boat was available to patrol
for the rum-runner, believed to be
in the offing, at the time. It was
doubtful today whether the prison-
ers could be prosecuted since only a
small amount of alleged liquor was
found in the automobiles.

FIERCE BATTLE AT JIMENEZ IN ITS THIRD DAY

Federals Claim Rebels Have Lost Over 600 Men

AIRPLANES BOMB FLEEING TROOPS

Flight Is Most Serious Of Present War In Mexico

BULLETIN
El Paso, Texas, April 3.—The second day battle between Mexican Federals and Rebels at Jimenez has ended in a Federal victory and the Rebels are falling back towards Chihuahua City, according to an announcement made at the Mexican president's office in Mexico City and received here from the Mexican consulate today.

Mexico City, April 3.—The battle of Jimenez went into its third day today with the federal forces tightening their net about the now-desperate rebels still holding on tenaciously to the town's railroad station and the face of a grim and unrelenting artillery barrage.

During the last 48 hours, when the scene of some of the fiercest fighting of the present revolution. In mute testimony of this fact, the streets of the town have been strewn with bodies of the dead and wounded during the intermittent periods when the fighting was heaviest.

The casualties have been enormous. In a message to president Portes Gil, Gen. J. Andreu Elman, commanding commander of the attacking force, estimated the rebel losses at 600. He stated that the federal casualties were not more than a fifth of this number.

Planes Bomb Trains.
Braving a federal bombing attack from overhead, several rebel trains pulled out of Jimenez last night for northern Chihuahua. The federal aviators, upon whom Almazan was depending to prevent a rebel evacuation in this direction, reported that they damaged the trains badly but could not ascertain whether or not they contained any troops.

Gen. Plutarco Calles, generalissimo of the federal forces, telegraphed the president from his headquarters at Bermejillo, in northern Durango, that the hostilities at Jimenez would end today with the "extermination of the traitors."

Military observers here predict that the rebels must give up their stand within a few hours. It is believed here that the rebels are short of munitions with no chance to withstand the ever-changing better-armed and larger attacking force.

Street Improvement For Lisbon Checked

Lisbon, April 3.—At the regular meeting of Lisbon city council Monday night the street paving program for the coming season was taken up.

The improvement of the three most important streets were first discussed. They are Beaver st., from West Chestnut st. to the intersection of North Market; Prospect from North Market to the fairgrounds entrance, and Elm st., leading to the upper entrance, of the Lisbon cemetery.

A vote on these resulted in the proposition to pave them with concrete, 24 feet in width. There was a proposition to pave High st. from North Beaver to a point beyond North Jefferson, but this improvement was voted down.

Two years ago 14 Lisbon streets were improved with concrete surfaces.

COURT NEWS

Returned to Hospital
Harold Duffy of East Liverpool, who was released several months ago from the state hospital at Massillon and permitted to return to his home on a visit, was again taken to the institution on Tuesday morning by Sheriff W. J. Barlow and Deputy George Harroff.

Given Judgment

The First National bank of East Liverpool, filed an action with Clerk of Courts Frank Ballantine on Tuesday, and was given judgment against C. H. Salyers and others of that city for \$307.50. The amount was found due on a cognovit note, given in East Liverpool some time ago.

Action Is Dismissed

Mrs. Etta Fraser of Lisbon, filed an action in the common pleas court recently against her daughter, Mrs. Maxine College Arbuthnot of East Liverpool, seeking to recover possession through replevin proceedings of a Ford roadster which she claimed her daughter was wrongfully detaining from her. The action has now been settled and dismissed, and the attachment released.

Divorce Dismissed

The Crawfords were married in East Liverpool on Sept. 7, 1925, and have one child. The wife charged failure to support and also claimed that she was mistreated.

PHILLIE PLAYER HURT IN CRASH

Tommy Thevenow In Critical Shape Following Automobile Crash On Florida Highway

Winter Haven, Fla., April 3.—Tommy Thevenow, the Phillies star shortstop obtained from St. Louis during the winter season, may never play baseball again as a result of an auto accident near here last night when he and Harold Elliott, a pitcher, were hurt when their machine overturned while enroute to Lakeland from spring training camp.

Thevenow is in the Lakeland hospital in a serious condition and reported near death.

He has a broken jaw, broken nose, fractures of the cheek bones and possible internal injuries. Elliott suffered a cut lip and bruises but refused to go to a hospital.

The two players had hired an automobile in Winter Haven after yesterday's game to visit friends of Elliott in Lakeland. While enroute their car overturned while passing another car and both men were caught under the machine.

FEAR FELT FOR AVIATORS FATE

Gallant Fliers May Be In Hands of Hostile Native Tribe

Sydney, N. S. W., April 3.—Despite a search with airplanes and launches, aided by native runners, the airplane Southern Cross, which was forced down in the wilderness of North Australia near Wyndham, on Saturday evening, was still missing this afternoon.

Nor has anything been heard of the four occupants of this famous trans-Pacific plane—Capt. Charles Kingsford-Smith, Capt. Charles Ulm, Navigator Litchfield and Radio Operator McWilliams.

Radio stations continue to broadcast helpful messages and advice how to transform the radio apparatus on the Southern Cross, but it is not known if the radio operator on the plane has been able to pick up the message.

The apparatus on the Southern Cross was so constructed that sending was possible only while the plane was in flight.

The chief fear is that the plane may have landed in the vicinity of hostile natives.

If no trace of the men is found by tomorrow, an armed mounted force probably will join the search.

Administratrix Is Removed by Court

Lisbon, April 3.—Florence Schaefer, administratrix of the estate of the late Irene Schaefer, of Salem, was removed at a hearing before Judge Lodge Riddle Monday afternoon in court room No. 2 upon application of Virginia Schaefer Osborne, aged 13, an heir to the estate through her next friend, Ellen Osborne.

Charges made in the application were disregarded by the court, the court finding that there were unsettled claims existing between the administratrix and the estate which may cause litigation to settle. On this account the court found it would be to the best interests of the estate to remove the administratrix, and the order was made, the costs of the action being charged against the estate.

Father Discloses Student Left Exclusive School on Jan. 4; Leaves No Trace

Boston, April 3.—Miss Rosamond Morse, 17-year-old daughter of a Brookline banker and student at Miss May's exclusive school, is strangely missing.

Desperately anxious, and after police and private detectives had failed to find the girl, the father, Edward W. Morse, Jr., today made known that she vanished on the night of Jan. 4.

Rosamond attended a card party that afternoon in Wellesley. She was home for supper in the evening. She was in her usual good spirits. She retired about 10 p. m. She has not been seen since.

The girl had been in school in Paris for two years. Her father thought that possibly she had started overseas. A careful checkup of all liners from this country and Canada, however, showed that as far as could be learned she had not sailed.

ANCIENT BURIAL PLACE LOCATED

Science Believes That Cemetery Represents Third Century Of Christian Era

Breslau, Silesia, Germany, April 3.—An extensive burial place, dating from the third century of the Christian Era, has been found near Stropien, in Silesia. It contained urns with ashes and ornaments, although some of the graves had no urns in them.

The discoveries included bronze needles and awls and bone combs. In the main the graves are those of the Vandals, but there are also traces of the Goths and of the Burgundians, who came from Posen through Saxony to the French Burgundy.

WISCONSIN VOTE FAVORS REPEAL

Ballots Would Legalize 2.75 Beer for Entire State

Milwaukee, April 3.—A majority of Wisconsin's voters favor a repeal of the state prohibition enforcement act and amendment of the statutes to legalize 2.75 per cent beer, according to incomplete returns compiled today from yesterday's statewide referendum.

With approximately one-half of the state's precincts heard from, indications were that the repeal referendum would carry by more than 100,000 majority.

In the returns thus far tabulated the vote was leading by 81,000 votes. As this represents largely precincts in the metropolitan or "wet" centers, the ratio probably will be cut down as outlying dry sections of the state report.

In Milwaukee county, 183 precincts out of 377 showed: For repeal, 43,108; against, 8,771. For modification, 38,361; against, 9,369.

MAYOR GROH

dem under \$10,000 bond, did not appear at the hearing at Gov. Cooper's office late yesterday.

Little, in making his statement before Gov. Cooper yesterday, asserted that Groh had told him that he (Groh) was "doing business" with five other men in Dover and that he did not want Little to do any business in Dover.

Other Charges Lodged
Charges of "pocketing" part of liquor fines imposed on prohibition violators may also be placed against Groh, according to reports this morning.

W. L. Lewis, another dry agent, testified that he had made an investigation of liquor cases brought before the former mayor, and found that in 39 cases no fines were collected and that in 46 cases, a deficit of nearly \$6,000 appeared on Groh's books.

In some instances a \$500 fine was imposed and only \$150 paid into the Dover city treasury, according to Lewis.

According to reports reaching here, Groh expressed surprise when told that he had been quoted. He declared he would continue the fight to prove that he was innocent.

Ernest Barthelme, president of the Dover city council, assumed the office of mayor today.

SALEM MAYORS

prerogative offered them by the constitutional suffrage amendment. Reports are emphatic that at least one woman will file application for the primary election. Either Mrs. Anna Stratton, representative of Second ward in council, or Mrs. Anna Heck, formerly holder of the Fourth ward seat in the body, will enter the race, according to reports.

No Democrats Named
Democrats in the 1927 pollings won a sweeping victory, annexing nine of the 14 offices in the election. City Auditor Helen Woerther, Solicitor Cecil K. Scott, Councilmen Max Adler, W. U. Filler, and Mrs. Stratton were the only Republican representatives to survive the landslide.

Democrats have not figured prominently in the general pre-primary election discussion now being heard in the city, and candidates for their representation have not been mentioned. Neither party has undergone any definite organization proceedings for the August election, but active plans are expected to be under way within the next six weeks.

Applications for candidacy on the city ticket must be filed 60 days previous to the date set by Secretary of State Clarence J. Brown for the primaries. This will set the closing date for applicants early in June, and campaigning will probably be started in the early future by prospective candidates.

TEMPERANCE TO FORM SUBJECT FOR EDUCATION

Two Drives Planned In Support of Volstead Act Stipulations

Washington, April 3. — Two "educational campaigns" designed to impress the country with the benefits of prohibition are being laid out in Washington—and, whether by accident or design they are expected to run concurrently with the investigation that is to be made by President Hoover's fact-finding commission.

One is to be sponsored by the prohibition bureau itself. It has a fund of \$50,000 for congress for the express purpose of "disseminating information" about the benefits of prohibition. Some of it probably will go for posters and other forms of advertising, although Commissioner J. M. Moran said today plans had not been fully perfected.

"But the bureau," he said, "will endeavor to show exactly what conditions are and the progress being made."

The other campaign, being organized by officials of the Anti-Saloon League and kindred organizations, is more ambitious. It will be in the nature of "a drive" to educate business, fraternal, religious and civic organizations to the benefits of Volsteadism, conducted through speakers, literature and whatnot.

Dr. P. Scott McBride, who succeeded the late Wayne B. Wheeler as generalissimo of the league, will be in charge.

One part of Dr. McBride's program is so advanced, however, that it has drawn upon it the condemnation of not only the wets but many outstanding dries themselves. This part has to do with the plans for "educating" courts and juries and judges to the necessity of severe punishment.

Dr. McBride believes that committees of women and leading dries should attend trials of liquor cases. "It would have a psychological effect of great value," he said. "Only too often juries sit in courtrooms where many in the audience are bootleggers. The atmosphere is against conviction in a prohibition case."

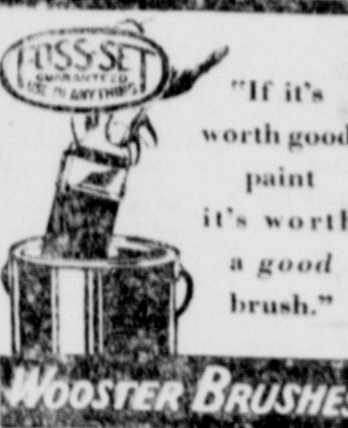

"If these who are interested in law enforcement would attend the courts and by their presence and interest signify their desire to see the guilty punished it would have a great effect on juries."

It would have an effect, too, on many judges who, in the absence of an asserted public opinion, are apt to assess light fines and penalties. If a judge knows his record is being watched he will be more careful.

Dr. McBride doesn't think that this snafu of "intimidation" of the courts, but the wets do—and vociferously so—and so do a few congressional dries.

Three dry senators expressed the opinion today that this "is going a little too far."

Salem Cubs Plan Organization Of Baseball Team This Season

Sandlotters Combine Again Despite Lack Of Playing Diamond

Announcements that baseball is becoming passe in Salem sport circles has brought cries of indignation from at least one representative group of the city's exponents of the game, and it was definitely stated today by members of last year's Schafer's Billiards team, that another aggregation is now being in the process of organization.

Practices, George "Sim" Early states, have been held at Centennial park the last two Sundays, and all that remains to be done is to complete plans for the season, is the arrangement of a schedule. What name the team will go under has not yet been decided, but it will either be titled the Billiards again, or go under the old insignia, of the Salem Cubs.

First games will be played early in May, arrangements now being made to secure the annual three-game series with the Lake Placencia ballsters, who last year set the Salem boys back twice, for the inaugural games, which Centennial park is not in shape to play regular games, practices will be held there during the week, and the schedule will be composed of only games.

Will Hold Meeting

A meeting of the team, and any other enthusiasts who wish to compete for places on the roster, will be called some time in the near future to arrange complete plans. Players wishing to get their names on the team list should see Early, who is now in charge of the aggregation, and get detailed particulars. The team last year had a mediocre season, playing several "unknowns" in the vicinity, and just managed to finish the year with a 500 percentage in wins.

Almost the same group that several years ago used to trounce the city's leading sandlot outfits, regularly when it played under the name of Cubs, compose the team.

The backing of some enterprising enthusiast is being sought to give them a name for the coming season.

Early will do the hurling of the club, with Orlando "Lefty" Bradt, speedball demon, who last year had lost quite a bit of his smoke, but is contemplating a comeback. Bradt, if he can hold up to his position, will occupy the first sack position. Drakulich is another slabsider.

Pete Sartick, formerly one of the city's leading backstops, will switch to an outfield post, and his brother Mike will take up receiving duties. Forrest Bishop and Pete Sanders will work in the outfield. Frankie Corso, Lee Christen, Zenders and Shorty Burton will compose the infield, with Bradt and Early also working around the initial sack when not doing the pitching.

Konert Catcher

Patsy Konert, Salem High grid star, and "Moon" Mullen, a newcomer are two other candidates for catching jobs, and will probably be shifted around to other positions as the season progresses. A slabsider plays the necessary kind of ball.

Naturally the city won't be represented by any class A aggregation, but a fair outfit will be organized that is worthy of backing of diamond addicts. Salaries are something not being considered, the players are in it for the fun, as they have been for years, and despite the fact that they haven't a playing field are in action again.

Famous Konjola Went to Source of Ailments; Lauds New Medicine

MR. STEVE SOBERDASH

"After suffering for two years from stomach trouble, Konjola quickly and surely restored my health so that I feel like a different person," said Mr. Steve Soberdash, 1622 Florence Avenue, Youngstown.

"When I was nineteen years old I was extremely weak and lacking in strength and energy. I was unable to eat a meal without suffering intensely afterward from pains. This killed my appetite and I ate but very little. Still I suffered from gas, bloating and acidity of my stomach. I experienced vomiting spells quite often.

A friend recommended Konjola and on his endorsement I decided to give it a trial. All my ailments vanished within eight weeks and I have never returned. I have gained weight and am strong as any other young man. I eat whatever is placed before me, relish the food and am properly nourished. It is indeed a wonderful thing to be free of two years suffering, and I owe it all to Konjola. To me there can never be any other medicine like Konjola."

Konjola is sold in Salem at all J. H. Lease drug stores and by all the best druggists in all towns throughout this entire section.—Adv.

Crown Weighs Heavily On Loughran Brow

BY DAVIS J. WALSH

New York, April 3.—It was only an innocent albatross and a thing of beauty it must have been as it skimmed the waves and soared the air, well out of reach. But, not content to admire from afar, the ancient mariner shot it down and, dead, it hung upon his neck to give and chafe and gall and make him lament the day he had claimed it for his own.

"I'd like to be beaten for the title," said Tommy Loughran after he had won from Mickey Walker in defense of his light heavyweight championship in Chicago. The statement was made in the seclusion of his hotel room and the man to whom it was addressed relayed it to the writer today.

"I'll be a happy man," the champion added, "on the night when come contender comes forward who is good enough to take it away from me. The championship has been nothing but a delusion. I wanted it badly before I got it. Now I wish I'd never heard of it."

And so the lay of the Ancient Mariner is being sung again in slightly modified terms but in much the same key. It is the age-old plaint of the man who got what he wanted only to find that no longer does he want what he got.

Life is filled with ancient mariners, singing the same old tune. But the prize ring is different. Loughran is the first champion on record to find a title so onerous that he invites defeat.

He could resign, of course. Jeffries did it. So did Tunney, Leonard and McAuliffe. But I suspect Loughran of being like the many who hang on to worthless stock.

This never is given away because, while today its value may be nothing, tomorrow it may mean a fortune.

and develop into a sensation, thus assuring him of a champion's cut on a big gate. He apparently doesn't admit this even to himself.

"The title has been no good to me," he said, "yet I can't see how I'll benefit by resigning. I'd do it in a minute if I thought the heavy-weight contenders would fight me. But I know they won't. So I'm caught between two fires and, rather than get the run around in the heavier division, I prefer to hold on to my title and, when the time comes, take my licking like a man."

"I don't want to give the championship away and, for the life of me, I can't see any contender who figures to take it from me. Lomski, Griffiths and Braddock are good men but I don't think any of them can clean up the class the way I did. Of course, a licking is coming to me some time and I wish it would come soon. The weight-making alone is enough to sour me on the title."

But weight-making is not the only penalty that goes with Loughran's championship. Money? Yes, he has made some. Care and responsibility? Much too much. Loneliness? Yes. Disillusionment? Indeed, yes.

"Every man's hand is against a champion," was his parting shot. "Why, even my friends won't go out to see me fight any more unless they think they have a good chance of seeing me licked."

The Ancient Mariner was in a bad way, indeed, as his head bent low under the grim weight of the albatross' cadaver. But apparently things could have been worse. For example he might have lived today and become a champion fighter.

Woman Wrestler To Appear Here

Virginia Mercereau, claimant to the women's World championship wrestling title, will make a personal appearance in this city today and tomorrow.

Miss Mercereau, who has wrestled in Europe and in America for the past eight years, will be at the Royal theatre during her two days' stay in Salem.

No definite announcement has been forthcoming as to what she will do on the stage, but it will probably be an exhibition of her wrestling prowess in some manner.

Sammy Harris On Sebring Fight Card

Sebring, April 3.—Sammy Harris, clever Akron scrapper, will meet Steve O'Malley, tough Bellaire boy, in the main event of a boxing show in the American Legion hall Thursday night.

Harris defeated Leonard Cox of Brooklyn by knockout in Akron last night. He spotted Cox seven pounds.

Doings Down In Dixieland Watching Major Leaguers Get In Shape

Lakeland, Fla.—Chief Myers, dean of pitchers of the Columbus Senators, will report for duty at Jacksonville, Saturday afternoon. Myers came to terms yesterday, according to Joe Carr, president of the club.

The next two days will be devoted entirely to practice, with no games scheduled and the Bucks will break camp Thursday, going to Jacksonville for a two-game stay. Catcher Shulte is now the only holdout and is needed badly.

Miami, Fla.—The batting slump of Del Bissone is the latest cause for grief on the Brooklyn club. The first baseman has gone hitless for seven games.

The Robins were lambasted by the Boston Braves again yesterday, 10 to 8, for their tenth defeat in 13 starts.

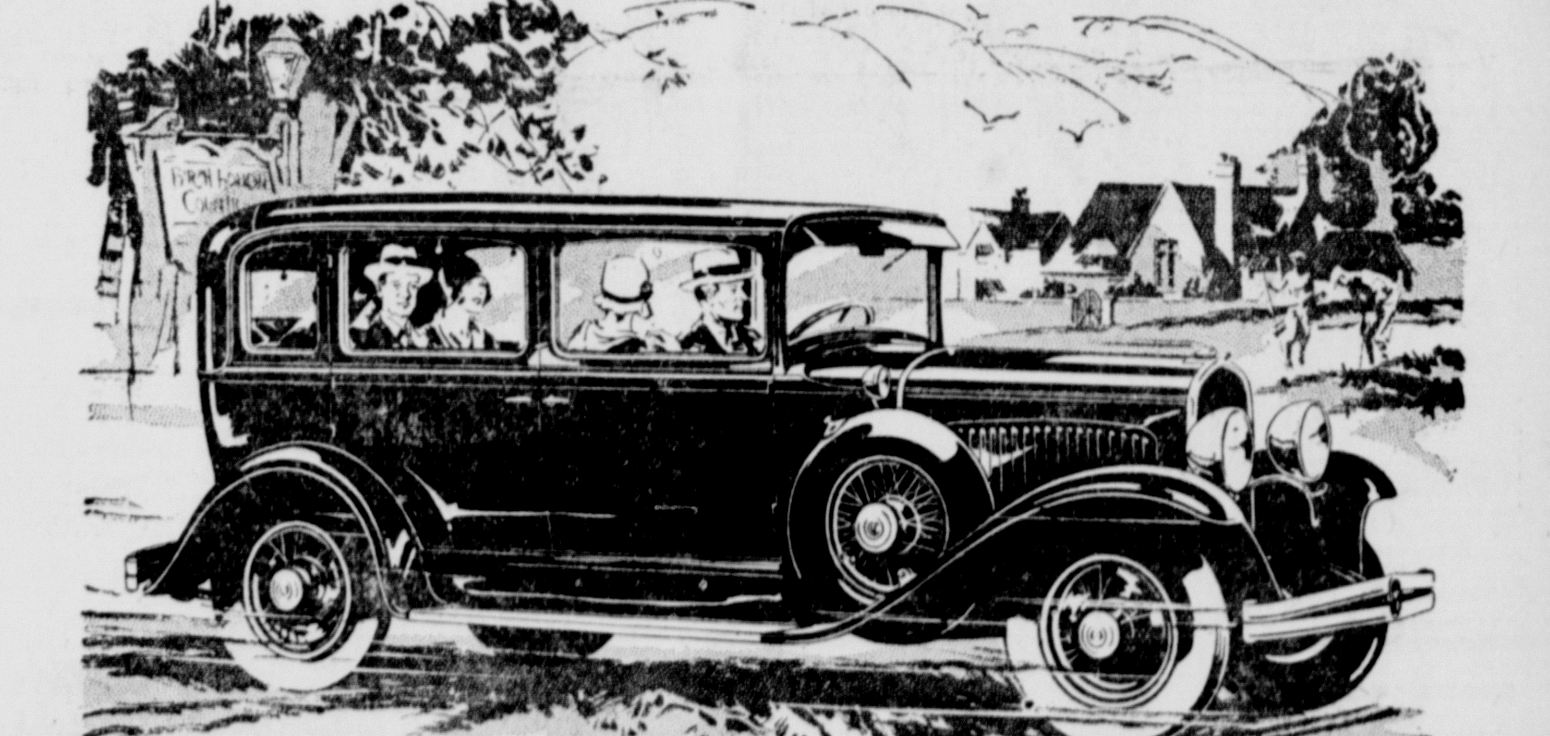

New Orleans, April 3.—Carl Hubbell, a southpaw, probably will pitch for the Giants today in their second exhibition game with the Cleveland Indians. The Giants have now run their string of exhibition game victories to 12 straight by defeating the Indians, 10 to 1, yesterday. The New York team, behind superb pitching by Bill Walker, pounded Shaute and Jim Moore for 14 hits. Earl Averill, recruit outfielder, saved the Indians from a shutout by hitting a home run, with two out in the ninth.

In Playhouses Of Salem

"THE BARKER"
The stage, the night club, the circus, the burlesque and the vaudeville show have all had their innings on the screen or stage of late. There seems to be an inclination on the part of the worm to turn, in other words. And when a profession can take them off to laugh at its own peculiarities, it is a healthy sign.

In "The Barker," a stage play of carnival life originally and now a film—A First National picture and a George Fitzmaurice special production—audiences at the Grand theater where the screen play opened last night found decided amusement and much human interest.

Milton Sills is the star and does a neat job in the title role, exhibiting fine restraint and a thorough understanding of the character. Dorothy Mackall, co-starred as Lou, the carnival girl, is demurely attractive and plays with fine discernment. She has as the boy she loves the Barker's son, that talented young artist Douglas Fairbanks, Jr. Betty Compson as the hula dancer and sweetheart of the Barker, cast prominently.

"DESERT NIGHTS"
John Gilbert, masked in a heavy beard and wearing one of the most unusual, yet comfortable, garbs of his many adventures on the screen is the magnet now drawing audiences to the State theater, where he is appearing in his latest Metro-

Goldwyn-Mayer feature, "Desert Nights," which opens at the State tonight. Portraying the role of manager of a South African diamond mine, who is taken prisoner along with a fortune of gems, he depicts one of the most interesting and tensely dramatic characterizations of his career. The story is one of a terrible revenge, laid in the primitive wastes of a vast and torrid African desert, in which Gilbert is a dominating figure, first as a prisoner and then as a savior of the girl and her bogus father who are responsible for his and their plight. The daring gem robbery is one of the most sensational thrills of the production which is all pitched in a highly dramatic key.

The grimness of a dirty diamond mine, manned by hundreds of dark-skinned natives, and the dazzling whiteness of miles of countless and dunes form a spectacular and bizarre background for a revenge which is satiated only by the intense suffering of those about to die for the want of water. Baked by the ever shining sun and torn with a mad craving for a liquid to quench her thirst, a beautiful girl offers her soul for just a few drops of water.

STYLE EDICTS

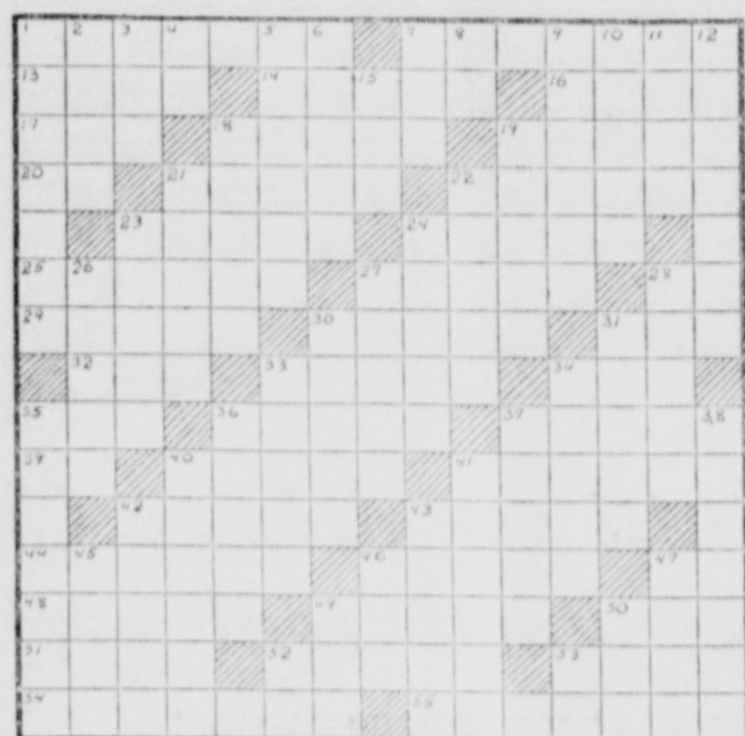

Paris, April 3.—The continued vogue for sunburned femininity, so popular during the past summer, has brought in a group of orange-red, red-orange and the entire gamut of red and rose tones as feature colors for this spring and summer.

Rose-pivoine is one of the newest shades launched on the Riviera, a soft peachy-rose color which makes charming combinations with black or gray. Patou has produced three new nasturtium colors, called deep burnt-orange, real orange and sunshine yellow. They stand out conspicuously in all types of costumes shown at this popular house, particularly those designed for sports and evening wear where the sunburned skin would be most in evidence.

Bois de rose tint has returned after an eclipse of several seasons and it seems to have renewed vigor and freshness. Poppy-red will be popular, according to predictions. A charming model in crepe de Chine seen at a Ritz tea recently has an elaborate pattern of frills torn from the width of crepe de Chine and left with rough edges.

Reds with a yellowish tinge like vermillion and sealing-wax tones abound in all the chic collections, as well as raspberry tints which are putting in a strong appearance. Some new models have a delightful tone of "old red," embroidered with small milky white and black beads.

HOME-MAKING HELPS

—By Wanda Barton—

Keep Your Supplies Visible

My friend Paula who is a splendid housekeeper works twice as hard in her kitchen as is necessary. It's merely because she has a pet theory. She has everything in the way of modern labor-savers, and when you look at the equipment you feel that cooking in Paula's kitchen is done merely by pressing some electric button or other. Yet, she seems forever fussing about, and it seemed difficult to understand why until I made a mental note of every step she took, then it was quite clear.

A kitchen should, of course, be attractive, and what with the modern use of color, the charming, washable hangings one can get for shelves and windows, it's fairly easy to make a cheerful spot of it. But above all, the kitchen is a workshop, and in a good workshop, labor is made easy, rapid, and if need be, at the sacrifice of appearances.

A pleasant kitchen is one that enables you to leave it in the shortest amount of time consistent with good work. And the practice of keeping all tools and utensils within easy reach helps in doing so. Certainly all the tools needed in the preparation of food at the kitchen table should be hung around it. Spoons, beaters, mixing forks, strainers, whatever is commonly used in preparing food should be prepared food should be suspended near the work-table. If it is backed against the wall, a wooden strip on the wall, with plenty of cup-hooks, will accommodate them. Cooking utensils should be kept near the stove. Large basins, colanders, and other equipment for washing vegetables ought to be near the sink.

True, open shelves do gather dust more quickly than those protected

by a door. But, even at that, less time and trouble are involved than the effort of opening closet doors a hundred times a day.

AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

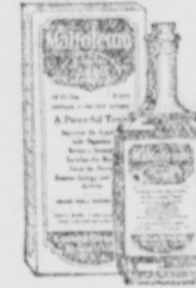

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Taken nightly for a week. See how much better you feel and look. 15c, 50c, 60c.

OWA-TON-NA HALTS INDIGESTION, NOW ENJOYS FOOD

Nervous, Tired, Worn-Out Condition Also Responds To This Natural Remedy

Will wonder that the praise of the old Indian Remedy, Owa-Ton-Na, spreads rapidly wherever it is introduced since time after time it proves its value in cases where all other methods seemed to have failed. How it has helped obdurate cases of kidney, liver, stomach and bowel disorders, rheumatism, neuritis, nervousness and a general run-down condition of the body is being told by the laboratory representative at J. H. Lease's store. Depending not on drugs, but on nature's own roots, herbs, bark and berries, generation after generation the value of these natural remedies were proved to the Indians.

It can be obtained scientifically prepared so that you, too, may receive the benefit from their use. Stimulating drugs are of no avail in the removal of the cause of many of the body's disorders. Aid in the elimination of harmful poisons which cause these conditions must be given if health is to be restored. Of particular value is Owa-Ton-Na as an aid. Its toning and clearing effect on the vital eliminatory organs make its use so successful.

Another of Owa-Ton-Na's many endorses is Mr. Michael Rinaldi, 2014 Tenth St., NW, Canton, who says: "For the past four years I have been suffering with various disorders which did not seem to respond to medicines and treatments I have used. Of course I have used many different things but nothing seemed to do much good until I tried Owa-Ton-Na. Indigestion was one of my worst troubles. Food just seemed to distress me all the time, laying in my stomach like a lump of lead. Then gas would form which would make my heart palpitate and make me short of breath.

Sometimes I would get so dizzy that I felt as though I were going to fall. This is a terrible sensation and scared me many times. Constipation always seemed to trouble me, yet laxatives did not seem to do me any good. Right along this condition was getting worse. I would have headaches sometimes so bad I felt as though my head would split. It certainly is a relief to get rid of these gas and bloating spells. Now I can eat most anything that I

want to and there certainly has been an improvement in my appetite where before I didn't seem to care whether I ate or not. I can now hardly wait until meal time and everything seems to taste so good. "My bowels are now acting normally, headaches are a thing of the past and food doesn't distress me at all. I go to bed at night and sleep like a baby, getting up in the morning feeling refreshed and like a new man. Where I used to have to drag myself around at my work, I enjoy it now. My results were so good from the Indian Remedy, Owa-Ton-Na, that I had my wife try it and she feels the benefit already from only a few bottles. She is going to keep right on taking it and I know that from now on, we are going to be real Owa-Ton-Na boosters. My advice to anyone who is suffering from the conditions for which it is recommended is that they try it now and I know they will be just as well pleased as I am."

Mr. Rinaldi's results from the use of Owa-Ton-Na has been the experience of thousands of similar cases. Time after time, this fine old Indian Remedy has conquered where all other remedies seem to have failed. You, too, may find in Owa-Ton-Na just the medicine you have been looking for. Owa-Ton-Na is sold in Salem at Fioding's, J. H. Lease and Belger & French drug stores.—Adv.

DISCLAIMS CHILD THEN ADOPTS IT

Army Captain Proves To Court Child Is Not His, But Adopts Baby Boy

Denver, April 3.—Walter A. Long, captain in the U. S. army during the Spanish-American War, and a rancher of Monte Vista, Colo., recently proved to the satisfaction of the law that a 2-year-old waif living with his divorced wife was not his son, and then decided to adopt the child.

Investigation revealed that the child was a waif found on the doorstep of a Denver home, and after it was taken in by a foundling home it was "appropriated" by Mrs. Long before she obtained a divorce.

This legal investigation is only one of four that resulted from Mrs. Long's alleged attempt to convince Long the child was his own offspring.

The second in importance, at least to the homeless waif, was that Long started adoption proceedings and declared he was going to name the child Walter A. Long, Jr., and make him his sole heir. Long owns several ranches in the vicinity of Monte Vista.

Next, according to Long, will come action to have Mrs. Long's divorce decree set aside. He claims she obtained it on fraudulent grounds. He will then file divorce proceeding himself, he declares.

MORROW SPEAKS OVER AIR-LAND RADIO NETWORK

American Ambassador To Address Group From Mexico

An address by Dwight Morrow, American ambassador to Mexico, from Mexico City; a two-way conversation between an airplane and a land station, in addition to a large entertainment schedule, will be broadcast over stations WOR, Newark; WCAM, Camden, and WPG, Atlantic City, in the first joint hook up of these three transmitters on Thursday evening at 9 o'clock. WOR will act as the "key" broadcaster.

The occasion of the novel and complicated broadcast will be the holding of seven sectional dinner meetings of the New Jersey State Chamber of Commerce, as well as the opening of the new building of the New Jersey Bell Telephone company.

The dinners will be held in Newark, Trenton, Camden, Jersey City, Paterson, Atlantic City and Asbury Park. They will be connected to WOR by some 2,000 miles of telephone wire, so that addresses or programs at any of these points may be put on the air. The use of public address systems at each of the seven meeting points will enable the guests to hear the proceedings of all the sessions.

Ambassador Morrow, a resident of Englewood, will address the assemblies by means of a telephone circuit from the Mexican capital. His utterances will be amplified to the listeners at each point, while in Newark WOR will pick up the impulses for broadcasting over the three-station hook-up.

According to a representative of station WOR the plane-to-land radio communication which will be demonstrated at the meetings, will

needed flesh—to make the blood redder—take Dr. Pierce's Golden Medical Discovery. By restoring the normal action of the stomach and other deranged organs and functions, it builds the flesh up to a safe and healthy standard — promptly, pleasantly and naturally. The weak, emaciated, thin, pale and puny, are made strong, plump, round, rosy and robust, also pimples and blotches are driven away. Dealers.

Read this comment: "I was habitually constipated until I took Dr. Pierce's Golden Medical Discovery and it has rid me of my digestive trouble, my food digests naturally, and in consequence my liver has become active and I feel comfortable and well. I take an occasional bottle of the 'Discovery' to keep me in this healthy condition and it never fails."—Mrs. Jos. S. Snyder, Route 3, Canton, Ohio.

In addition to these novelties a large entertainment program headed by Anne Case and George Mearle's orchestra will be heard. J. R. Poppele, chief engineer of WOR, has been working with engineers of the Bell Telephone Laboratories and the Western Electric Company on the unusual program.
